

# 2020 Greater Los Angeles Homeless Count

## San Pedro Neighborhood (City of Los Angeles)

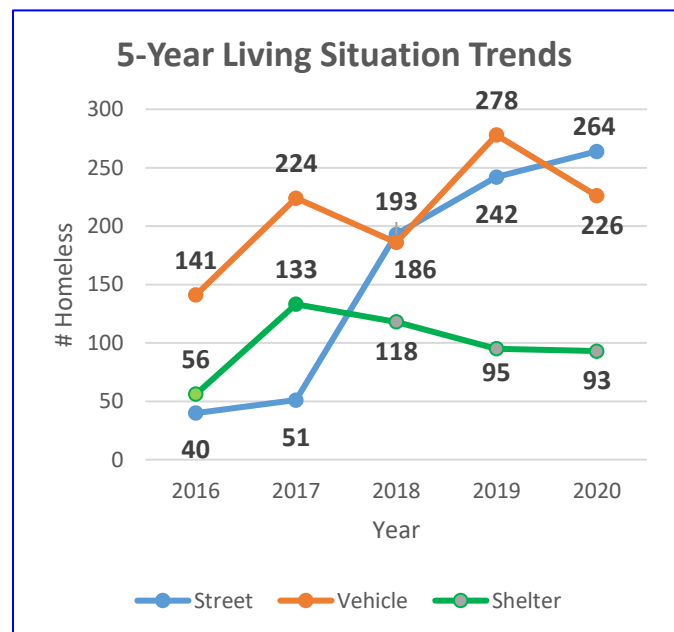

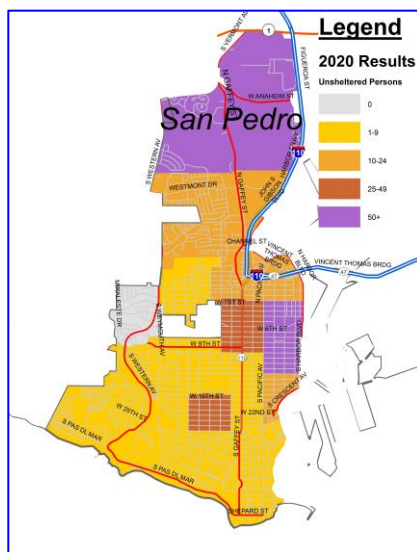

**583 Persons Experiencing Homelessness on January 22, 2020**

### Changes since 2019

- Overall homelessness decreased by -5%, primarily driven by the fall in vehicular homelessness (-19%).
- Homelessness in the City of Los Angeles Council District 15 experienced a slight drop of -1.2%.
- Family Promise of the South Bay has two programs, one in Torrance and San Pedro. In 2020, LAHSA attributed the Homeless Count for both programs to Torrance's sheltered number (location of its administrative office). To more accurately reflect the Transitional Shelter total in San Pedro, this table reflects the increase of the 10 persons who were sheltered in this neighborhood.

### Notes

1. In 2019, LAHSA changed the city/neighborhood boundaries and then retroactively applied these to the 2016-2018 Counts. The table and graph reflect the original Count results reported for those years, and hence may be different from LAHSA's Community data. SBCEH rounds the data differently than LAHSA, which might also result in slightly different reporting numbers.
2. The following results are reported at the SPA level only: Domestic Violence Shelters, Youth Count results, and DPSS-issued motel vouchers.
3. Unaccompanied Minors on the Street data is only available at the SPA/Regional level.
