

2022 Greater Los Angeles Homeless Count

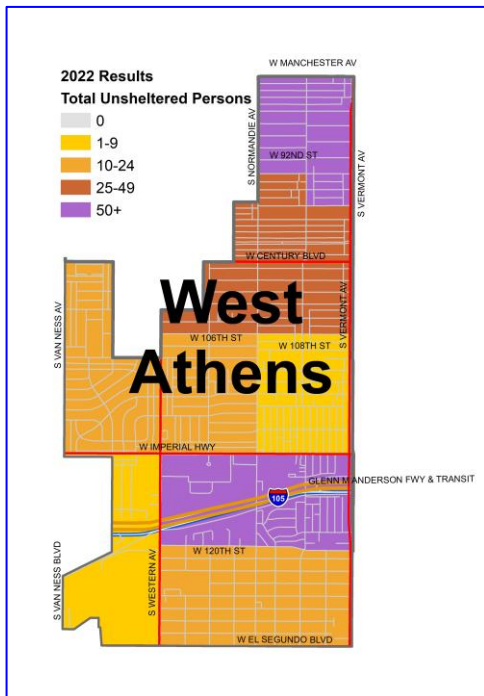

Unincorporated Westmont/West Athens 369 Persons Experiencing Homelessness on February 23, 2022

Changes since 2020

- Emergency shelter was a Project Roomkey site, temporarily operating on COVID-19 funds.
- The numbers presented reflect LAHSA's official findings. However, immediately after the Street Count, SBCEH reported possible duplicate data submissions. One tract in particular had 160 persons, so the actual findings may be lower.

- Notes**
1. In 2019, LAHSA changed the city/neighborhood boundaries and then retroactively applied these to the 2016-2018 Counts. The table and graph reflect the original Count results reported for those years, and hence may be different from LAHSA's Community data. SBCEH rounds the data differently than LAHSA, which might also result in slightly different reporting numbers.
 2. The following results are reported at the SPA level only: Domestic Violence Shelters, Youth Count results, and DPSS-issued motel vouchers.
 3. Unaccompanied Minors on the Street data is only available at the SPA/Regional level.
 4. The 2021 unsheltered count was canceled because of the COVID-19 pandemic. The 2022 was delayed one month because of the Omicron variant surge.
